Twelve Varieties:

Baby White

This little, white kernel is one of our smallest and most tender popcorns. It resembles an old variety, Japanese hullless that Brian planted as a teenager. It comes from separating the smaller kernels from our Medium White.

This fine, white, tender popcorn is an Amish Country favorite and one of our best sellers.

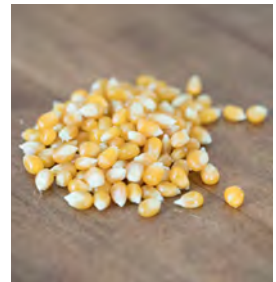

Medium White

Baby Yellow

If you like the flavor of yellow popcorn, but don't like the coarse, tough kernels that often have flaky hulls, you will love this small, tender variety! We've separated the smaller kernels from the larger kernels to create the most tender, yellow popcorn on the market.

This is a slightly smaller popcorn than our Extra Large Caramel Type, but it is no doubt one of the best yellow popcorns you will ever taste! This popcorn is a favorite among popcorn lovers.

Medium Yellow

Ladyfinger

This old, open-pollinated variety of popcorn is similar to Tom Thumb. It is one of the first varieties that Brian grew as a small boy! If you like small, hullless, tender popcorn, you definitely will want to try this type!

Our large, fluffy, hybrid popcorn is great for eating plain or buttered and for making caramel corn. Our yellow popcorn has less flaky hulls than most large, yellow popcorns do.

Extra Large Caramel Type

Mushroom

Our largest kernel of the yellow variety pops into a ball and is perfect for making caramel corn.

It's a small, crunchy, hullless popcorn that is high in antioxidants.

Midnight Blue

Our unique blend is a fun popcorn for people who appreciate variety. It consists of several of our popcorn varieties and is great for eating and for decorating your counter tops.

Rainbow

Red

This hybrid is very similar to Medium White popcorn, but it has its own distinct characteristics. There aren't many flaky hulls, so this popcorn pops up fluffy and meaty white every time. It is a favorite of many.

Purple popcorn makes a great "eating corn", and is one of our favorites with its small, tender kernel that is high in antioxidants.

Purple

Blue

This hybrid pops into medium to large kernels. It has its own flavor, typically a little sweeter without a lot of hulls. It is a favorite popcorn flavor among many of our popcorn fanatics, and it is also high in antioxidants..

Perfect Portions:

Our 5.5 oz 3-in-1 pack includes just the right amount of salt, oil and popcorn for a six quart popper while our 10.75 oz is perfectly portioned for a commercial popper. Available in Medium White and in Medium Yellow.

Tri-Pack

This counter-top display box contains thirty, 4 oz. bags. Each bag makes 1 popper. (Red, Blue, Baby White, Ladyfinger, Medium White and Rainbow) Makes a great impulse buy!

Sampler

24 Count

This option offers twenty-four, 4 oz bags of the color of your choice. Perfect for gift baskets!

Each set contains ten bags of 4 oz. popcorn (Medium Yellow, Rainbow, Ladyfinger, Blue, Medium White, Mushroom, Purple, Extra Large, Red, and Baby White). This set is a great gift for the popcorn fanatic.
