LINGONBERRY SAVORY SAUCE

A little tart & not too sweet!

LINGONBERRY SAVORY SAUCE

Lingonberry Savory Sauce (124E) 13.4 oz. jar

Did you know, in Scandinavia, Lingonberries are a pantry staple and primarily used as a meat condiment?

It's a first of its kind in the United States! This product is an absolute MUST HAVE! Our Scandinavian Delight Lingonberry Spread has been a top seller at ELKI every year since 1984 & now you can get it as a savory sauce, too!

This last year I was talking with our factory in Denmark and learned that Scandinavians primarily use Lingonberries as a meat condiment! It's similar to how we use cranberry sauce. We thought ELKI customers need that too!! Since our original Lingonberry recipe was produced in Denmark with the primary intention of using it as a meat condiment, we weren't going to mess with perfection. We kept the same time honored recipe as our spreads, but with a new label.

Suggested Uses:

- Serve with grilled or baked meatballs.
- Enjoy with lamb, turkey or chicken wings.
- Glaze over baked or grilled salmon.
- Use in a pulled pork sandwich or slider.
- Spread in a turkey sandwich with havarti cheese.
- Serve with smoked sausage as a bite sized appetizer (there's nothing like spicy & tangy coming together).

For over 180 years, Elki's Scandinavian Delight Spreads have been made in exactly the same way, from the same time-honored traditional recipes. Is it any wonder they have a truly delicious homemade taste? Starting with choice, ripe fruit and fresh berries, picked wild and by hand whenever possible, these spreads are prepared slowly and gently, without boiling. This allows the fruit and berries to retain more of their natural flavor, color and sweetness and requires substantially less sugar to be added than regular preserves. Large morsels of fruit or whole berries infuse each jar.
