# Merry Christmas

2025

# BEAN BALLS

Pre-order  
**ONLY**

These little round and soft companions are always a guarantee for great fun. With recycled pellets! Christmas bean balls come with a small loop, making them easy to hang on the Christmas tree as decorations.

# ECO PALS®

Our collection "ECO PALS" are made of 100% RPET (recycled polyethylene terephthalate). RPET comes from plastic used for packaging such as water and soda bottles. The plastic is collected, sorted, cleaned and shredded into pellets, then melted and spun into threads. The threads are knitted or woven into fabric to make your soft and eco-conscious favorite plush toy.
