Wishpets® is guided by the core principles of Nature Planet, ensuring that our new and existing products contribute to a better world while fostering good value and forever memories for your customers. Our experienced sales team is here to support you in creating the perfect retail environment to achieve your goals and share the magic of our 2025 collection:

- ★ Featuring some of the softest and most innovative plush toys in the industry.
- ★ Crafted to delight children and souvenir enthusiasts alike.

Over 25 years ago, Wishpets® pioneered the concept of Plush Pops, combining finger puppets with candy pops to create a unique and delightful experience. What started as a fun idea has blossomed into a beloved classic, exceeding all our expectations with its tremendous success. This year, in addition to introducing fresh designs, as we rotate through our existing inventory, you see these positive changes:

- ★ 100% of replacement of plastic eyes with embroidered eyes on all Plush Pops
- ★ All artificial dyes replaced with natural dyes
- ★ Less vibrant candy pop colors due to elimination of Titanium Dioxide
- ★ FSC certified Wooden sticks
- ★ More environmentally sustainable packing materials as we replace white foam with 2CM cardboard and recycled bubble wrap

We're thrilled with the progress of our Plush Pops program and are equally excited to unveil a wide range of new and updated designs throughout our catalog. Explore the fresh additions and revisit your beloved classics. Enjoy the journey of discovery!

What to expect from the Wishpets® brand:

We take pride in delivering not just exceptional quality but also:

- ★ Affordability
- ★ Huggable softness
- ★ Wide variety of plush toys with souvenir options
- ★ Many favorite designs now with embroidered eyes
- ★ 100% Recycled plush stuffing
- ★ No plastic linings in cartons
- ★ Recycled polybags when needed for smaller inners
- ★ Hangtags made with recycled paper and soy ink
- ★ 100% audited factories
- ★ Smiles
